

Management des risques dans la supply chain (GEST11_ALOCYA)

En bref

- > **Langues d'enseignement:** Anglais
- > **Méthodes d'enseignement:** Hybride
- > **Ouvert aux étudiants en échange:** Oui

Présentation

Objectifs

Risk identification, assessment, and the development of action plans to regulate these risks is a skill expected of buyers and supply managers.

The objective of this course is to give tools and sources of information that can be useful in managing risks in supply chains.

Use of real-life cases for application is part of the learning path.
